Summary

I am a final third-year student majoring in Information Technology at Bina Sarana Informatika University and a Bangkit Graduate of 2023. I am driven by the pursuit of cutting-edge technological advancements and their applications in the field of Web Development. With a strong academic background and hands-on experience gained through the Bangkit program, I am equipped with the skills and knowledge to contribute significantly to the development of innovative Cloud Computing solutions. As a job seeker, I am eager to join a dynamic team where I can utilize my expertise to tackle challenging problems and make a positive impact on society through the power of Web Development and Cloud Computing.

Education

BINA SARANA INFORMATIKA UNIVERSITY   *Jakarta, Indonesia*
Bachelor of Information Technology   *Jul 2020 – Jul 2024 (Expected)*
Cumulative GPA: 3.64/4.00
Relevant Coursework: Web Programming I, Web Programming II, Cloud Computing, Logika Algoritma, Dasar Pemrograman, Pemrograman Berbasis Objek, Rekayasa Perangkat Lunak, Interaksi Manusia & Komputer.

SMKN 34 Jakarta   *Jakarta, Indonesia*
Graduate in Mechanical Engineering   *Jul 2017 - Jul 2020*

Working Experiences

BANGKIT ACADEMY 2023 BY GOOGLE, GOTO, TRAVELOKA   *Online*
Cloud Computing Cohort -   *Feb 2023 – Jul 2023*
Cumulative Score: 84.5/100
Relevant Coursework: Javascript, Back-End, Google Cloud Platform, Deployment Process, Docker, Project Management, Teamwork, Leadership, Problem Solving.

Project Experiences

- **GlassFIT - Frame Prediction Based on Your Face Shape**

  Capstone Project in Bangkit Academy 2023.

  The responsibility includes :
  - Contribute to the creation of UI/UX for web applications for the final project
  - Provide google maps API for our web application needs
  - Assisting the machine learning team in the code deployment process to the Google Cloud Platform using Cloud Run
  - Deployment of our web application to Google Cloud Platform using App Engine

- **Uangku - Money Management App**
  Developing a mobile application using Flutter as a framework from the Dart programming language, This application functions to manage the income and expenditure of money from users.

- **Finding Cake – A Static Website to Find Lots of Cookies**
  Create a responsive website that is useful for presenting information from various types of cakes using HTML, CSS, and Bootstrap

Certification

Dicoding Academy :
Menjadi Google Cloud Engineer
Belajar Dasar Pemrograman Web
Belajar Dasar Pemrograman Javascript
Belajar Membuat Aplikasi Back-End untuk Pemula dengan Google Cloud
Belajar Membuat Front-End Web untuk Pemula

Google Cloud Skill Boost :
Google Cloud Computing Foundations: Cloud Computing Fundamentals
Create and Manage Cloud Resources
Perform Foundational Infrastructure Tasks in Google Cloud
Build and Secure Networks in Google Cloud
Perform Foundational Data, ML, and AI Tasks in Google Cloud

Preparing for Your Associate Cloud Engineer Journey
Google Cloud Fundamentals: Core Infrastructure
Essential Google Cloud Infrastructure: Foundation
Getting Started with Google Kubernetes Engine
Logging, Monitoring, and Observability in Google Cloud
Application Development with Cloud Run

Coursera :
System Administration and IT Infrastructure Services
The Bits and Bytes of Computer Networking

Skills & Interest

- **Web Development**: Proficient in using HTML, CSS, Javascript, PHP, Bootstrap, TailwindCSS, SASS, ReactJS, Node.js, Hapi, MySQL,Cloud Computing, Figma.

- **UI/UX Design**: Proficient in creating visually appealing and functional user interfaces (UI) and enjoyable user experiences (UX) for web applications. In-depth understanding of design principles, wireframing, prototyping, and user testing using Figma.

- **Project Management**: Experienced in leading project teams, creating project plans, and mitigating risks.

- **Communication**: Excellent written and verbal communication skills, adept at presenting complex ideas to diverse audiences.

- **Team Leadership**: Skilled in motivating and guiding teams to achieve project objectives.

- **Problem-Solving**: Strong analytical and critical thinking abilities to address complex business challenges.

- **Languages**: Indonesia and English
